

WEB APPLICATION USING NODE-

RED

Date	19 November 2022
Team Id	PNT2022TMID22894
Project name	Smart Farmer-IoT Enabled Smart Farming Application

CREATION:

The image shows a Windows desktop environment. In the foreground, a terminal window titled "Select node-red" is open, displaying the logs of a Node-RED installation. The logs show the dashboard version 3.2.0 starting at /ui, followed by several warning messages about already registered nodes and settings. The server is running at http://127.0.0.1:1880/. Below the logs, there is a message about encrypted flow credentials and instructions on how to set a custom key. The background shows the Node-RED interface with a dark theme and a circuit-like pattern. A "Learn More" link is visible at the bottom right of the interface. The Windows taskbar at the bottom shows several open applications, including PDF files and a document.
